

405 HTS

The new 13,5-meter, hardtop yacht designed by Tony Castro Yacht Design has been created and built to be a perfect day cruiser for all the sport enthusiasts. Its exterior styling and interior arrangement reveal the Galeon's classic profile with a modern twist. The yacht's interior has been designed to be bright and welcoming with functionality and balanced layout. Materials include carefully selected veneers, Corians, high quality fabrics and matte or mirror-gloss finish wood.

Large windows add natural light to the saloon, galley and guest's cabins. A vast saloon on the main deck with a starboard side bar is sure to become a popular gathering area for family and friends, giving them the feeling of space. The helm benefits from large windows and a single pane windshield that provide 360-degree panoramas. Accommodation space on the lower deck features a full featured galley and two staterooms with separate bathrooms, to ensure guests' comfort and privacy. The owner's suite is located midship and occupies the whole width of the yacht allowing for an incredible amount of volume and storage space.

The extended roof over the cockpit area provides additional protection from the sun. The cockpit space with an outdoor kitchen, a dining table and sunbed conversions gives extra space for gatherings. The yacht offers an extended bath platform with easy access to a garage storage for the toys. The bow settee area designed for entertainment makes a lovely hideaway. A very interesting feature of this yacht is a tarpaulin roof that swiftly morphs into the wide opening sunroof over the helm station. Just press a button and enjoy the fresh breeze and sunshine!
